Plex Systems Named a Recipient of Excellence in Digital, Science & Technology Business (DiSciTech) Award

The Associated Press

Plex Systems, Inc., provider of Plex Online, the No. 1 rated SaaS manufacturing ERP software (http://www.plex.com/modules/software_areas.asp) , today announced that it has been named a recipient of Corp! Magazine's inaugural Excellence in Digital, Science & Technology Business (DiSciTech) awards for 2011.

Companies based in Southeast Michigan are chosen for the annual awards based upon a track record of innovation and excellence in conducting business that leverages effective and advanced technology.

Award recipients will be honored at a breakfast event on February 22 at the MSU Management Education Center, 811 West Square Lake Road, Troy, Michigan.

"We are honored to be acknowledged as one of the innovative technology companies driving business growth in Southeast Michigan," said Plex Systems CEO and President Mark Symonds. "Plex Systems is justifiably proud of our track record of helping manufacturers operate more efficiently. Our growth and success in the marketplace is a testament to the effectiveness of our product offering."
