

HELPFUL TOOLS

Safety Suggestions

• Labelmaster, Chicago, has released its 2007 catalog of regulatory compliance products. The free 576-page catalog features more than 5,000 offerings including labels, forms, placards, placarding systems, transportation, packaging, spill control, shipping supplies, facility management, material handling, workplace safety, signs, books, and software.

Information: 800-621-5808

• New literature (LV-120) describing emergency mixing valves systems for eyewash, facewash, and emergency showers is available from Leonard Valve Co., Cranston, RI. The free brochure includes American National Standards Institute for Emergency Eyewash and Shower Equipment information (ANSI Z358.1-2004) in regard to medical recommendations for water temperature when water is used to flush fluid from chemically injured tissue.

Information: 800-222-1208

• Supresta, Ardsley, NY, is offering a new online video demonstrating the advantages of using Fyrquel hydraulic fluids, which are both fire-resistant and self-extinguishing. It examines the importance of using such liquids in production facilities, where leaking fluids can lead to fire. The video can be viewed by going to **www.supresta.com/selfextinguish.php**.

• Zebra Skimmers Corp., Cleveland, is featuring a new troubleshooting guide for coolant maintenance in its catalog, volume 13. Information in the free guide covers diagnosis and resolution of coolant problems as well as helpful tips for coolant sump/tank conditions, health and safety concerns, and parts and tooling issues.**Information: 888-249-4855**
