

Online Resources: More on Safety

Labelmaster, Chicago, a manufacturer of regulatory and hazardous materials compliance products, has added 20 new products to its Spring Hazmat Source catalog, mostly in UN packaging, labels, placards/markings, and spill control. For details about UN-performance packaging products, readers can visit www.labelmaster.com/UN-Packaging. Information on label offerings for hazardous material shipments is at www.labelmaster.com/Labels, information on placards and markings is at www.labelmaster.com/DOT-Placards, and information on products relating to spill control is at www.labelmaster.com/Spill-Control. And for information about various product samples and software, readers can go to **www.labelmaster.com**.
