

Worth a Click: Filtration and More

Clark-Reliance, Strongsville, OH, offers insight into the level indication and control, sight flow indication, and separation industries at its redesigned Web site. The site has four key category buttons: Instrumentation and Controls, Filtration Equipment Group, Filtration Elements Group, and Military Sales. There is also a library containing catalogs and brochures, standard drawings, and frequently asked questions. Readers can access the site at **www.clark-reliance.com**.
