

HELPFUL RESOURCE: Guide to Effective Tank Cleaning

A new 52-page catalog on tank cleaning has been released by Spraying Systems Co., Wheaton, IL. Called the "Guide to Safe and Effective Tank Cleaning," it provides information on automated tank cleaning products that can save users tens of thousands of dollars annually in reduced downtime and reduced labor. The catalog also presents technical specifications on motor-driven tank washers, fluid-driven tank washing nozzles, and fixed tank washing nozzles. In addition, it includes a "Quick Reference Guide" to assist users in selecting the appropriate product for their application. Discussed are tank cleaning accessories such as strainers, flanges, and lances, which can maximize cleaning effectiveness, as well as turnkey tank cleaning systems. More information is available by calling **630-665-5000**.
