

## **Pump Advice: Alignment Benefits**

Why pump money down the drain? That's the question asked by a new brochure from LuDECA Inc., Doral, FL. It talks about the importance of proper shaft and coupling alignment prior to start-up and subsequent to any maintenance repairs. Topics include the advantages of laser alignment and the benefits of precision alignment. More information is available by calling 305-591-8935 or visiting [www.ludeca.com](http://www.ludeca.com).
