Drum Scale

The portable drum and barrel scale has built-in wheels and handles for easily moving it within a plant, placing it on a truck bed, or taking it to a job site. Featuring a battery-powered digital weight indicator with a five-digit, 1 in. high LCD display that can be mounted anywhere, this portable scale has two live rails for weighing skids and crates. Available in 500 and 1,000 lb. capacity models, the scale measures 30 in. L x 40 in. W x 4.5 in. H and is made of heavy-duty steel with a baked-on, powder finish and weighs only 105 lbs. The indicator has keypad selectable units conversion and RS-232 output. An optional stainless steel scale for washdown applications is also available.
