

Educational Duo

CD & Guide

#149 The use of ultraviolet (UV) and electron beam (EB) plastic coatings are discussed in a free information pack from RadTech International, Chevy Chase, MD. The pack contains "UV/EB Coatings for Plastic: Papers and Presentations," a CD on applications, developments and operational and product benefits. Also included is "Achieving Adhesion of UV/EB Cured Materials on Plastics," a guide that reviews types of plastic substrates and coating materials and offers tips and suggestions for proper pretreatment. The CD and guide are available from RadTech by calling **240-497-1242**.
