Certified: Lanxess Corp.

Lanxess Corp.s Orange, TX, and Addyston, OH, sites have achieved RC 14001 certification. The RC 14001 standard, developed by the American Chemistry Council, extends the environmental requirements of the ISO 14001 standard to health, safety, and security. Lanxess Corp.s U.S. headquarters in Pittsburgh is also a RC 140001-certified site.
