

Factory Collapse Kills Five in India

ALTAF QADRI, Associated Press

JALANDHAR, INDIA (AP) — Officials say a three-story blanket factory has collapsed in northern India, killing at least five people. At least a dozen others are believed trapped under huge piles of broken concrete.

Officials could not say exactly how many people remain missing after pulling dozens of survivors from the debris in Jalandhar, a town in Punjab state.

Nightshift workers at the factory said they heard the building creak before the walls

and ceiling crashed down before midnight Sunday.

Officials say rescuers are trying to reach at least one man still alive under the rubble, but unable to move.
