

Saudi-Based Golden Chip Company to Implement Epicor ERP Solution

The Associated Press

Epicor Software Corporation, a global leader in business software solutions for manufacturing, distribution, retail and services organizations today announced that its next-generation enterprise resource planning (ERP) solution will be deployed at the production facility for Saudi-based smart card manufacturer Golden Chip Company (GCC).

Total iCS, an Epicor value-added reseller (VAR) based in Saudi Arabia, will carry out the implementation of Epicor ERP at Golden Chip's state-of-the-art manufacturing site in Dammam, Saudi Arabia. Golden Chip Company produces its complete range of card products, services and solutions for a variety of applications and business requirements.

Golden Chip Company selected Epicor due to its ease of use; ability to handle the complete production cycle; low total cost of ownership; advanced features and technology; exceptional user interface; and, compatibility with operational objectives.

"Epicor stood out from the start because it is one of the top ten developers of ERP systems for manufacturers in the world," said Adel Al Jabr, general manager, Golden Chip Company. "We realized that the structure of the Epicor ERP system was best suited to our objectives and manufacturing operations."

"Epicor proved to be the best fit for the Golden Chip Company manufacturing requirements," added Anish Kanaran, regional director for Epicor. "The Epicor ERP suite is capable of handling and optimizing Golden Chip's entire production cycle including workflows, inventory tracking and quotations."

Golden Chip Company is a leading manufacturer of Smart cards, RFID cards, Magnetic Stripe cards as well as a complete range of Card products, Services & Solutions in the Middle East & Africa (MEA) region. Golden Chip Company is a part of AL JABR Group of Companies. AL JABR Group is based in Dammam, Saudi Arabia and is one of the largest business houses in the Kingdom of Saudi Arabia.
