

Epicor Wins Best ERP Systems Provider at Inaugural Asian Manufacturing Awards

The Associated Press

Epicor Software Corporation, a global leader in business software solutions for manufacturing, distribution, retail and services organizations, today announced it has won 'Best ERP Systems Provider' at the inaugural 2012 Asian Manufacturing Awards held at Shangri-La Hotel, Singapore. The Asian Manufacturing awards recognize products, solutions and services that are enabling excellence in manufacturing performance in the region.

Epicor next-generation enterprise resource planning (ERP) software was recognized by an international panel of expert judges, who analyzed and ranked the nominations on behalf of the award hosts, The Manufacturing Group of publications at Contineo Media. In assessing the submissions, the judges looked for nominee solutions that exhibited deep functionality, high performance, ease-of-use and ease of implementation, that have delivered enhanced information flows and integration to facilitate manufacturing productivity, efficiency and quality benefits for a wide client base. Nominees also had to demonstrate new market initiatives and innovations.

In presenting the award Contineo Media stated, "Providing automation and integration of key business processes, enterprise resource planning (ERP) software has become a key operational efficiency enabler for today's manufacturing companies."

"Manufacturers in the region are under constant pressure to ramp up productivity, boost product quality, meet new regulatory requirements, and also be acknowledged as socially and environmentally responsible members of their communities," said Raymond Wong, CEO, Contineo Media. "Companies such as the ones represented and recognized here tonight are playing an increasingly important role in the transformation of the region's manufacturing capabilities."

The Epicor submission outlined the deep functionality offered to manufacturers across Asia, its innovative, 'Visionary' and industry focused technology, as well as dedication to supporting education in Asia through collaborative programs with the Beijing Institute of Technology and Pusan National University, Korea.

Craig Charlton, senior vice president and general manager, Asia Pacific, Epicor, said, "It is a great achievement to be recognized by an international panel of expert judges at the inaugural Asian Manufacturing Awards. Our innovative Next-Generation ERP software solution offers leading functionality for manufacturers across Asia and the popularity of our award winning ERP solution continues grow."
