

## Mobile MRO Workstations

Durable mobile MRO workstations offer a selection of work surfaces including butcher block and galvanized steel. Suitable for maintenance and repair applications, they are mini workstations and high-density storage cabinets on wheels. Maneuvered easily to bring parts, tools, supplies, and equipment directly to job sites, they have built-in shelf storage behind a lockable door as well as drawer storage to accommodate a wide range of shapes. They come with a locking system and handles as well as two rigid and two swivel heavy-duty ball bearing casters with wheel brakes.
