## A Quick Delivery Solution

The Qube from Tuthill is now furnished with a Qx blower—a quiet, quick delivery solution for pneumatic conveying, wastewater aeration and more.

According to the company, features include:

- High efficiency with a noise of less than 75 dBA.
- Up to 18 PSI.
- A compact footprint.
- A powder-coated steel enclosure.
- An integral check valve.
- Discharge from the back of the unit.
- A discharge flexible connector.
