

Keep Your Material Up & Moving (6004)

Martin Sprocket & Gear now offers a complete line of heavy-duty conveyor pulleys and components that feature:

- A selection of drum pulleys (available in standard-duty, mine-duty, and quarry-duty machined or engineered), wing pulleys (available in standard-duty, mine-duty, quarry-duty and quarry-duty AR), laggings, bushings, take-up frames, shafting and more.
- Maximum protection against premature failure in harsh applications.
- Your choice of stock or customization.
