

## Axiom Safety Glasses

Elvex

New Axiom SG-38 safety glasses from Elvex (Bethel, CT) have an exclusive design and construction with excellent clearance between the lens and face. Features include:

- A design to fit medium to large facial features.
- An auto-adjusting nose bridge that swivels to fit.
- Dual injection temples with soft rubber tips.
- Color coordinated temples.
- Availability with clear, gray, indoor/outdoor, amber and silver mirror lenses.
- Compliance with ANSI Z87.1-2003 and CE EN-166.
