

Dual Input Differential Manometer

Omega's new series of manometers

feature:

- Dual display and dual pressure inputs.
- Pressure displayed in one of four user selectable units (psi, mbar, inH₂O, and mmH₂O).
- A protective rubber boot.
- USB connection or wireless interface for real time data logging to a computer.
- Data logging software, which allows the user to display the data in a graphical format or export the data to Excel or text files for further manipulation.
- CE compliance.
