

Fabric Filters More Efficient On Downdraft Tables

American Fabric Filter

American Fabric Filter manufactures replacement fabric filters for use in downdraft tables. Features include:

- Singed-surface 16 oz. scrim-supported felt that captures dust down to 1 micron.
- Felt that prevents blinding and promotes self-cleaning.
- The ability to clean the filter and keep it performing at peak level without a shaker or paddle.
- Standard and custom-sized filters that are available for OEM downdraft tables and systems converted from cartridges.
