

Single Source For Bulk Material Handling Systems

Martin

Martin specializes in standard bulk material handling equipment and custom systems and components. Martin supplies units for many industry segments with a fast delivery to avoid costly downtime. Martin offers:

- CEMA standard screws.
- Shaftless screws.
- Drag conveyors.
- Bucket elevators.
- Large flights up to 10' in diameter and 1 ½" thick.
- Cone screws.
- Ribbon screws.
- Self-lubricating Martin hard iron bearings.
