

## Mechanical Dehumidifiers that Cool & Dry

DRYCO now offers ArcticDRY mechanical dehumidifiers — in 3 different sizes and ratings — to deliver cold air and remove moisture. The ArcticDRY features:

- Cool, dry air, for example, in a warm and wet climate or working area to help provide a safer environment.
- Purchase or rental at weekly/monthly rates as a cost-effective solution to capital equipment expenditures.
- Your choice from the SCA 60-ton unit (from 8,800 to 15,000 CFM), SCA 30-ton unit (from 5,000 to 7,500 CFM) or SCA 15-ton unit (2,500 CFM).
