

Temperature, Relative Humidity, Infrared & Thermocouple

OMEGA Engineering now offers the RH511 Series handheld temperature/relative humidity/infrared/thermocouple meter with:

- A triple LCD display of humidity/ambient temperature, infrared temperature or thermocouple temperature.
- Dew point/wet bulb/moisture content measurement.
- 2 K-type thermocouple inputs.
- Minimum/maximum/hold functions.
- Data logging up to 40,000 data points.
- Built-in laser sighting (dot/circle switchable), which makes for an ideal aiming tool for infrared temperature measurements.
- A USB PC interface with Windows-based PC software.
- An optional wireless temperature/humidity sensor probe.
