

Worry-Free Safety Goggle, Hard Hat Use

Honeywell Safety Products has designed the Uvex Stealth goggle retainer to attach flawlessly to most hard hats, helping to ensure workers' eyes are protected. According to the company, the Uvex Stealth also delivers:

- A proper, gap-free seal around the eyes.
- Neoprene straps that are easy to adjust — even while worn — to quickly provide a safe, secure and comfortable fit.
- A securely hold to the hard hat when not in use, keeping them close at hand, further improving worker safety.
- Construction from durable materials to resist chemical and ultraviolet degradation for long-lasting wear.
- An easy-to-use design.
- Availability in 2 models to fit standard cap-style hard hats or full-brim hard hats.
- Ideally suitability for use in the oil, gas and chemical manufacturing industries.
