

Replacement Cartridge Filters & Elements

American Fabric Filter now offers replacement cartridge filter elements for baghouses and dust collectors. According to the company, these replacement cartridges grant:

- A large filter surface area within a compact package.
- Quality components to provide optimal performance.
- The flexibility to fit most OEM units.
- Manufacturing to OEM specifications or higher.
- Ideal suitability in air filtration applications within a confined space.
- The ability of the company to cross-reference virtually any product or modify any design to solve specific problems.
