

Shed Light on Convenience

Larson Electronics'

Magnalight.com announces the release of the EPL-TX-500-4-1MLED cart-mounted explosion-proof 500KVA power transformer with an LED light, which provides the convenience and versatility of a wheeled cart-mounted transformer combined with a powerful LED light source. According to the company, this product:

- Converts 220V 50/60Hz current to 120 VAC 50/60hz.
- Distributes secondary output via four explosion-proof receptacles.
- Provides 10,000 lumens of light output via a 150-watt explosion-proof LED light.
- Features an adjustable LED light that is adjustable vertically, produces little heat, has a 60,000 hour operational life, and is designed specifically for hazardous locations with a Class 1 Division 1 and Class 2 Division 1 approval rating.
