

CAPping off Your Data Collection

DENSO ADC has collaborated with CAP Software to make its DENSO BHT-900 Series handheld barcode terminals compatible with CAP's SellWise Pro 8 and Cash 'n Carry point-of-sale retail software, providing:

- Optimal data collection.
- The flexibility for CAP Software customers to be able to use BHT-900 terminals without modifications or additions.
- A compact, lightweight, easy-to-use barcode terminal design.
