

## Providing Ductless Mobility

Air Science's self-contained Mobile EDU fume hood is excellent for classroom demonstrations and industrial training. The company says that the fume hood offers:

- All-around visibility.
- It is easily moved from laboratory to laboratory.
- It is easy to install, and the base is mounted on large, heavy duty wheels for ease of transport.
- Features a height of 77.5 inches, which allows it to easily pass through a standard door.
- The Multi-Layered EDU Filter has been independently tested to have 99.9 percent filtration efficiency for chemicals normally found in a chemistry curriculum.
- Units exceed OSHA, ANSI, BSI and AFNOR safety standards.
