

## All-in-One Combustion Analyzer

E Instruments Intl.'s new, updated BTU1100-HE Portable Combustion Analyzer High-Efficiency Kit is the most updated, all-in-one kit for mechanical contractors, plumbers, boiler technicians and others that monitor and install condensing and high-efficiency systems. The company says that the BTU1100-HE kit includes:

- Suitability for all 90-percent+ efficiency systems.
- Includes incoming air smart probe.
- Field-replaceable sensors.
- Built-in printer (non-thermal).
- Unbreakable metal connections.
- Robust "boiler room" design.
- Bluetooth wireless communication.
- O<sub>2</sub>, CO and CO<sub>2</sub>.
- Efficiency, excess air and all necessary temperatures.
- Rechargeable battery and AC charger standard.
- Built-in manometer.
- Built-in thermometer (ambient and flue gas).
- Built-in CO leak detector.
- Calibration certificate for proof of accuracy.
- Dual hose (9 foot) and 12-inch probe.
- Vinyl carrying case.
