

# Simplified Data Collection & Programming

LabStrong Corp. has created a new software package for the Helix 250 orbital shaker called LabStrong Connect. According to the company, the software:

- Allows for automation applications of the Helix 250 and is available as a free download at [www.labstrong.com](http://www.labstrong.com).
- Is the perfect solution for automating data collection and programming of the Helix 250.
- Lets users set up, run and analyze results of experiments in a fraction of the time needed in the past.
- Helps to optimize laboratory productivity, and also ensures repeatable results.
- Eases life in the laboratory by allowing users to control the Helix 250 using a personal computer.
