

600 Volt Power Supply

Hoefler, Inc. has introduced a NEW 600 Volt Power Supply to its range of electrophoresis power supplies. This new midrange power supply unit is designed for electrophoresis and blotting techniques including large format and high throughput applications.

- Large, easy to read LED, simply set the constant parameter, set the timer (if desired), and push start
- Constant voltage or constant current mode with automatic crossover
- 5-600 V, 3-750 mA, 150 W
- 4 sets of 4 mm output jacks
- Continuous runs or 999 minute timer
- Automatic recovery after power failure
- Open circuit detection
- Short circuit protection
