

Fluorescent Light

Larson Electronics' popular 4 foot 2 lamp Class 1 and Class 2 Division 1 fluorescent light is used for manufacturing and coating applications because of its T6 temperature and paint spray booth certification.

- T8HO bulb option complements the T12HO, T5HO, T8
- LED options available for the EPL-48-2L series
- Cast aluminum fixture is made in the USA and encapsulates each fluorescent lamp within a Pyrex tube
- Cast aluminum ballast box encloses the T8HO ballast
- Fixture can be pendant or surface mounted
- EPL-48-2L-T8HO ships with mounting brackets and lamps
