

Hose Reel for Air/Water & Hydraulics

Ideal for hydraulics, air/water and spray painting applications, 2000 Series reels from Hannay Reels are built to handle pressures up to 3000 psi (207 bar) and temperatures from 20 to 400 degrees Fahrenheit (minus-seven to 204 degrees Celsius).

- Designed to handle dual quarter-inch through half-inch I.D. hose
- Feature two swivel joint inlets and two outlet risers to handle two equal lengths of hose
- Manual and power rewind options, including a chain-drive crank or chain and sprocket powered by an electric, hydraulic or compressed air motor
