

Mobile Ductless Fume Hood

Air Science USA's mobile ductless fume hood is self-contained and provides all-around visibility. The unit is easily moved from laboratory to laboratory, and allows for easy installation.

- Heavy-duty wheels and height of 77.5", allowing easy access through standard doors
- Multi-layered EDU Filter with 99.9% filtration efficiency for chemicals found in a typical chemistry curriculum
- Units exceed OSHA, ANSI, BSI and AFNOR safety standards
