

Lab Safety Shower

Nikita Ernst, Associate Editor

HEMCO Emergency Shower / Decontamination Booths are fully assembled and ready for installation to water supply and waste systems. The shower is molded in a one piece seamless chemical resistant fiberglass and is equipped with a pull rod

activated shower and push handle

eye/face wash for immediately drenching of personnel that have been exposed to hazardous chemicals. The shower is equipped with frosted front strip curtains, interior grab bars, raised deck grating and bottom or rear drain outlet. They are compliant with A.N.S.I. and O.S.H.A. requirements.
